Tanzania Of The Adventurers

11 DAYS — TANZANIA MOBILE TENTED SAFARI

The word "SAFARI" is Swahili for journey, and conjures up images of exploration and adventure. A luxury mobile-tented safari is all about freedom and choice — how you want to spend your days and where. While visiting pristine Northern Tanzania you will sleep under canvas in our lavish mobile camps and overnight in classic lodges, with evenings around a crackling campfire. The large mobile tents provide a sense of space and privacy and upon arrival your butler greets you with a fresh cool towel and a long cold drink — harkening back to the vintage safaris of yesteryear. Days are spent with expert naturalists who share their passion for the wilderness and the local tribes that share its inheritance. Game viewing is undertaken both on foot and in specially equipped safari vehicles...with plenty of opportunities to capture that 'photo of a lifetime'.
